

On behalf of the Summer Science Program Board of Trustees, I am pleased to announce the appointment of **Frank Steslow as SSP's Chief Executive Officer**. Effective March 1st, Frank will step into the shoes of our retiring Executive Director, Richard Bowdon '74. Frank brings a wealth of non-profit knowledge to SSP, most recently as CEO of the Phillip and Patricia Frost Museum of Science in Miami, Florida. Building on what we have already accomplished in the last 63 years, under his leadership we plan to hone our strategic direction, grow and develop our organization, and strengthen our partnerships into 2023 and beyond.

Frank Steslow, newly appointed CEO

"I am excited to join the Summer Science Program as CEO," notes Frank. "SSP has a long history of providing excellence and I'm looking forward to leading the organization through its next phase while continuing to build on the strong foundation established over the decades."

Frank has over 20 years of experience in the non-profit science sector and we are all enthusiastic to begin this new phase of SSP under his leadership. If you have any questions about the transition to our new CEO, you may [email me](#) directly.

Regards,

Mike McKay '78
SSP Transition Chair
Vice Chair, Board of Trustees

A Message from the Chair

I am thrilled that Frank will be joining us and very much enjoyed getting to know him in my role as a member of the Transition Committee. I also would like to thank Mike McKay for his wisdom and tireless efforts in concluding our search so successfully.

To ease the transition, Richard has agreed to remain Executive Director until February 28th. In addition, with an eye to the future, we have recently increased the capacity of our year-round staff and promoted long-time Operations Director Amy Belote to Vice President of Operations. Any questions regarding SSP governance and strategic planning may be directed [to me](#).

As always, for inquiries about SSP operations, contact [Amy Belote](#), Vice President of Operations, and for alumni or fundraising questions, contact [Katherine Houglund](#), Member Relations and Development Manager.

Regards,

Ron Irving '68
Chair, Board of Trustees
